# President's Message

As president of the Manitoba Ladies' Curling Association it is my honour and privilege to extend greetings and good wishes to all members and friends of our association.

We bid a hearty welcome to all curlers competing in our thirty-seventh annual Bonspiel. The generosity of our donors, the increased limit of two hundred rinks, and the keen competition and good fellowship that are characteristic of our Bonspiel should make this a memorable event.

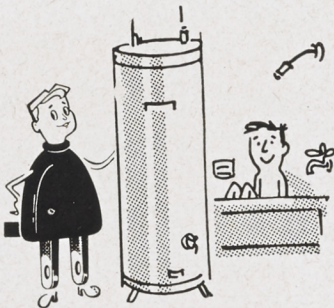

We embark upon a new era in ladies' curling in Canada with the formation of the Canadian Ladies' Curling Association. We welcome Dominion Stores Limited as the sponsors of the Silver "D" provincial finals across Canada and a round robin Diamond "D" final in Ottawa, February 27 to March 3, to decide a Canadian champion. This event should lend interest and impetus to our own provincial playdowns and a record entry is anticipated.

At this time we express gratitude to all those who, through the years, have had a share in building our Association to its present strength, and to the members of the present executive whose untiring efforts have made this a most pleasant and successful year.

It is with particular pleasure that I send greetings to all lady curlers of Manitoba and visitors to your annual bonspiel.

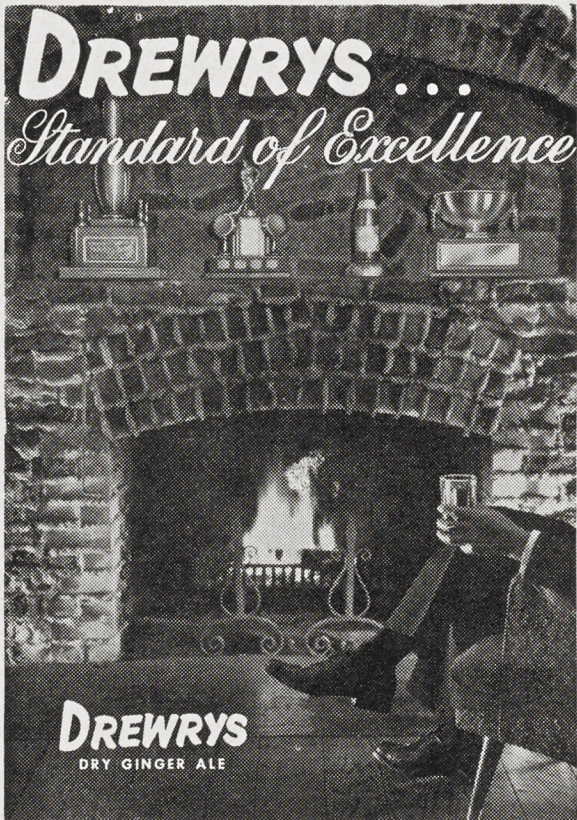

The increasing popularity of the "roarin' game" has made it into a family sport. It is a fine game that teaches sportsmanship and keen competitiveness, and places considerable emphasis on friendliness and goodwill.

That tradition goes back a long way. In the first curling match recorded in Winnipeg, in 1876, the losers agreed to donate a barrel of meal to the local hospital.

But the men were not left alone for long. By the turn of the century lady curlers were well in evidence on Manitoba rinks. Some say they went in search of their husbands. However that may be, with the number of ladies now "sooping it up", husbands may well have to be looking elsewhere than in kitchens for broom-handling wives.

May I wish you all a happy time and a very enjoyable Bonspiel.

Yours sincerely,  
DUFF ROBLIN,  
Premier of Manitoba.

# Russell Ladies' Curling Club

In 1908, the late Mr. Oliver Olson of Spy Hill, Sask., who was living in Russell at that time, offered to show the ladies how to curl. A few took him up on his offer. Mrs. Gordon Kippan, still residing in Russell, was one of his interested pupils. Curling continued off and on with the men and it was not until 1921 that Miss Louselle Leifer and Mrs. Chas. Adolphe, our two life members and still enthusiastic curlers, recall the formation of a ladies' curling club.

Our only available records show that in 1925 Mrs. George Richardson was President, Miss Molly Langford, Vice-President, and Mrs. Alex Greig, Secretary-Treasurer. Anyone who could throw a rock from one end of the rink to the other was elected skip and promotion came fast in those days. At this time the ladies wore skirts, toques and mufflers. The more daring wore breeks. Layer after layer of woollen underclothing was most necessary as the comfortable rinks of today did not exist.

In 1947 the Russell Community Curling Club Ltd. built our modern four-sheet rink. The ladies did their share by serving coffee to the workers. At this time Miss Heather McIntyre, Mrs. Olga Therrein, Mrs. W. Anderson and Miss Isobel Mather were the executive of our club.

Two-day bonspiels have been held each year in February.

This year our club will be host to the District winners for the semi-finals of the Provincial Playdowns and we sincerely hope our guests will enjoy their visit to Russell.

# Morden Ladies' Curling Club

The Morden Ladies' Curling Club was organized in 1934 with Miss Jean Burnett as President. However, according to the minutes of the men's club, the ladies were curling in 1929 and have not missed a year of curling since.

The first curling rink in Morden was destroyed by wind in 1911. The men's club erected a new three-sheet rink in 1912 which served the Town of Morden until the season ended in 1958.

In the fall of 1958, by combined community effort, a new five-sheet rink was started and the first game played in it January 15th, 1959. In December 1959 the club commenced to install artificial ice, which was in operation January of 1960.

The Morden ladies held their first Open Bonspiel on artificial ice with a record entry of 58 rinks in March of 1960.

This year the Morden Ladies' Club are hostesses to the District Winners for the semi-finals of the Eastern Division Provincial Playdowns and sincerely hope the ladies enjoy their games in Morden.

# Rules of the Game

## 1—4. Specifications of rinks.

5. All curling stones shall be of a circular shape. No stone, including handle and bolt, shall exceed 44 pounds, or of greater circumference than 36 inches, or of less height than  $\frac{1}{8}$ th part of its greatest circumference.

6. No stone shall be substituted for another (except under Rule 7 or Rule 17) after a match has started, but the sole of a stone may be reversed at any time during a match, provided the player be ready to play when his turn comes.

7. Should a stone be broken, the largest fragment shall be counted for the end—the player being entitled to use another stone, or another pair, during the remainder of the match.

8. Any stone which rolls over, or comes to rest on its side or top, shall be removed from the ice.

9. Should the handle quit the stone in delivery, the player must keep hold of it, otherwise he shall not be entitled to replay the shot.

10. Every stone which does not clear the "hog line" shall be called a "hog" and must be removed from the ice, but no stone shall be considered a "hog" which has struck another stone lying in position. A stone coming to rest after passing the "back line" and being clear of it must be removed from the ice.

11. All matches shall be of a certain number of "ends" or "shots" or "by time," as may be agreed on or as fixed by an umpire at the outset. In the event of competitors being equal, play must be continued by all rinks engaged for one or more ends as may be agreed on, or as may be "fixed" by the umpire until the match has been decided.

12. Every rink of players shall be composed of four a side, each player using two stones, and playing each stone alternately with his opponent. No player shall wear boots, tramps, or sandals with spikes or other contrivance which may break or damage the surface of the ice. The rotation of play observed during the first end of the match or game or competition shall not be changed. Any rink not having its full complement of four players shall be disqualified, except in the case of illness or accident during the competition. If the skip, the vice-skip or the second player is absent, the lead shall play four stones in the proper rotation as lead and second player. If the lead is absent, the second player shall play four stones in the proper rotation as lead and second player.

## **RULES OF THE GAME (Cont'd)**

13. The skips opposing each other shall settle by lot or in any other way they may agree upon, which party shall lead at the first end, after which the winners of the preceding end, including extra ends if any, shall do so.

14. The skip shall have the exclusive direction and control of the game for his rink, and may play last stone, or any position in the game he pleases, but he shall not be entitled to change his position when that has been fixed. When his turn to play comes, he shall select one of his players to act as skip in his place, and take the position of an ordinary player. No other player may act as skip except the one so designated at the start of the match. The skip may return to the tee for consultation with the acting skip. Any consultation or discussion by the skip, other than with his vice-skip, shall not be conducted in or behind the rings.

15. Players during the course of each end shall be arranged along the sides, but well off the centre of the rink, as the skips may direct; and no one except the playing party and his sweepers shall go upon the centre of the rink. Skips and/or vice-skips may stand within the circle. The skip of the playing party shall have the choice of place, and shall not be obstructed by the other skip or vice-skip in front of or behind the sweeping line, but behind the sweeping line the privileges of both shall be equal. No other player than the skips acting for the time being may stand behind the circle while play is proceeding.

16. Each player must play from the hack and in the delivery of the stone, no part of the foot on which the player is sliding shall touch the nearest hog line. Left-handed players shall play from the hack placed on the right hand side of the centre line and right-handed players shall play from the hack placed on the left hand side of the centre line.

Stones delivered from the wrong hack (or by a player, any part of whose foot on which he is sliding shall have touched the nearest hog line) shall be removed from play by the playing side immediately after the player has delivered his stone. However, if the stone so played has come to rest or struck another stone, the played stone shall be removed and the displaced stone or stones be placed as nearly as possible where they originally were to the satisfaction of the opposing skip. Both skips should agree upon the position, but failing agreement the umpire shall decide.

17. Each player must be ready to play when his turn comes and must not take more than a reasonable time to play. Should a player play a stone belonging to the other side, the stone which ought to have been played shall be put in its place.

## RULES OF THE GAME (Cont'd)

18. If a player should play out of his turn, the stone so played may be stopped in its progress and returned to the player. Should the mistake not be discovered until after the stone has come to rest or has struck another stone, the end shall be continued as if it had been played properly from the beginning, but the missed stone shall be played by the player missing his turn as the last stone from his side for that end. If after consultation with the rinks and the umpire or a neutral curler thoroughly conversant with the rules, it has been agreed that a stone has been missed and it is impossible to decide which player has missed playing the stone, the lead shall play the last stone for his side for that end.

19. The sweeping shall be under the direction and control of the skips. The player's party may sweep the ice from the sweeping line next to the player playing to the sweeping line at the other end, and any stone set in motion by a played stone may be swept by the party to which it belongs in front of the sweeping line, but behind the sweeping line both skips shall have equal rights as per Rule 15. Only the skip or vice-skip of each rink directing play at the time shall be allowed to sweep behind the sweeping line. When snow is falling or drifting, the player's party may sweep the ice from hack to hack. The sweeping shall always be to a side and all sweepings shall be removed from the rink. At the conclusion of the end, either of the skips may call upon all players to clean and sweep the entire rink. If objected to, this shall be subject to the approval of the umpire.

20. (a) If, in sweeping or otherwise, the course of a running stone be affected by any of the party to which it belongs, it shall be removed from play by the playing side, but if by any of the adverse party, it shall be placed where the skip of the party to which it belongs shall direct. Should the position of any stone be altered by such affected stone, the skip opposed to the party at fault shall have the sole right to replace them.

(b) Should any played stone be displaced before the end is reckoned, it shall be placed as nearly as possible where it lay, to the satisfaction of the skip opposed to the party displacing. If displaced by any other party, both skips should agree upon the position to which it is to be returned, but if they do not agree, the umpire shall decide.

21. All games shall be decided by a majority of shots. A rink shall score one shot or point for every stone which is nearer the tee than any stone of the opposing rink. Every stone which is not outside the outer circle shall be eligible to count. All measurements shall be taken from the tee to the nearest part of the stone. Disputed shots shall be determined by the acting skips; if they disagree, by the umpire; or when there is no umpire, by a neutral curler chosen by the skips. No measuring of stones shall be allowed previous to the termination of the end except by the umpire when necessary for the umpire to decide whether or not a stone is alive.

22. On appeal from any competing skip, in any competition the umpire or the committee appointed for the purpose shall have the right to declare whether or not the ice is playable. In every case of postponement to another day the competition when renewed must commence "de novo."

# A SHORT HISTORY OF DOMINION STORES LIMITED

There were three small stores in Toronto in 1919, and from that modest beginning, Dominion Stores today is made up of 358 stores from sea to sea.

In 1957, to take a long step forward from those early days, new Dominion Stores in Canada were opening at a rate of one new location every nine days. Since 1950, the company has opened 163 new stores and has modernized more than 150 others.

It is an article of Dominion policy to pursue a development and expansion programme tuned to the needs of changing and expanding communities across Canada.

When desired, Dominion offers the assistance of its research, planning, design, engineering and construction experts to assist local developers in launching a shopping centre that will both serve community food needs and provide a satisfactory return to the investors.

No longer in the hands of the original three storekeepers, ownership today is among 3,280 Canadians from all walks of life. These men and women, at the annual meeting each year, elect the Directors of Dominion Stores, the Board of which is the supreme governing body of the company. It appoints officers who manage the company, establishes policy, governs finances and is always keen to plan a future in all matters relative to a successful and long-term operation of the business.

Dominion Stores now employs over 12,000 full and regular part-time employees.

May they serve your family?

## The End of an Era

The completion of the Western Canada Ladies' Curling Association final in Victoria, B.C., in March, 1960, marked an historic event. The Western Canada Ladies' Curling Association closed its books and a "new era" came into being. During the eight years of its existence, it grew from a pioneer effort to a successful, well beloved and coveted emblem of "the best" in ladies' curling competition. This fact has been proven by the zeal with which the Eastern Canada Ladies' Curling Association pursued and wooed the Western Canada Ladies' Curling Association. "Imitation is the greatest form of flattery."

Our heartfelt gratitude goes to the ladies who pioneered the Western Canada Ladies' Curling Association, "through thick and thin undaunted," to its successful nuptials with the Eastern Canada Ladies' Curling Association.

The undying appreciation of every lady curler in the West goes to Eaton's of Canada who sponsored the pioneers from two provinces through the keenly contested provincial competitions to the successful Western Canada Finals in Victoria, B.C., March 1960. It was their keen interest and ever-ready help and advice in promoting and maintaining true sportsmanship that enabled the members of the Western Canada Ladies' Curling Association to produce top-notch ladies' rinks. May the cordial goodwill that has prevailed in our relations with Eaton's of Canada continue far into the future.
